

# Reman Balak

## Web Developer

Full-stack Developer with a background in Business development, showcasing a year of hands-on software development experience gained primarily through personal projects. Proficient in crafting both client-side and server-side solutions using tools like React, Node.js and JavaScript.

### WEB PROJECTS

#### Meet App | [Link to Project](#)

- Implemented a React-based Progressive Web Application (PWA) for seamless cross-platform usage, enabling offline accessibility and empowering users to add the app to the home screen while reducing loading times by 50%.
- Implemented a test-driven development approach by translating user stories into rigorous testing scenarios, resulting in 90% test coverage, and resolving 80% of bugs pre-production release.
- Employed AWS Lambda for serverless authentication and OAuth-based authorization, reducing user login time by 60% while ensuring robust security and achieving zero data breaches.

#### CineVibe | [Link to Project](#)

- Orchestrated a user-friendly movie application, enabling user registration and login to save favorite movies while providing comprehensive genre, director, and summary details.
- Leveraged the power of the MERN stack (MongoDB, Express.js, React, and Node.js) to create a flexible and efficient web application.
- Developed a scalable RESTful API utilizing Node.js, Express.js, and Mongoose, facilitating seamless communication between front-end and back-end systems, resulting in enhanced responsiveness and reduced query times by 30%.
- Designed and created the application's front-end using React, ensuring a responsive and intuitive user interface.

### PROFESSIONAL EXPERIENCE

#### D&P Parfum, Cologne – Office Administrator

June 2021 – Present

- Demonstrated professionalism in customer and franchisee communication via phone and email, resulting in a 15% increase in repeat purchases and a 20% reduction in complaints through effective strategies.
- Identified inefficiencies in customer order entry and management processes and executed improvements with accuracy, resulting in a significant reduction of 1 hour per day in processing time, enhancing overall efficiency.

#### Unidoc Solutions, Birmingham, UK – Business Development Executive

May 2019 – March 2021

- Identified potential clients and nurtured relationships via phone, generating a steady influx of new business opportunities. This initiative led to a 25% increase in qualified leads and potential partnerships.
- Orchestrated a targeted mailshot campaign to prospects, followed by personalized calls referencing the received letter; achieved a remarkable 30% increase in decision makers engaging and a noteworthy 25% rise in closed deals, driving substantial revenue growth.
